

# Order of Datalines

Wiener Börse AG  
 Market Data Services  
 Wallnerstraße 8  
 1014 Wien  
 Email: mds@wienerborse.at  
 FAX: +43.1.53165-140

for connection to the Market Data Distribution Environment(s) of Market Data Services / Wiener Börse AG / CEESEG. This order on hand covers all connections to CEE Stock Exchange Group members Market Data Dissemination Systems (ADH and future low latency feed).

To start the order process please **fill out** this order form **completely**, have it **signed** and send it as a printout to above mentioned address per post. To speedup the process we accept sending scanned and emailed forms (or via fax) as a preliminary order until the printout arrives.

Recommendations on the proper bandwidth:

- Customers subscribing to CEESEG's Direct (low latency) Feed in combination with (content rich) ADH service shall opt for **10mbit** Ethernet lines (Direct Feed to be launched in Q1 2012).
- Customers subscribing to CEESEG's Direct (Low Latency) Feed **or** subscribing to ADH services **incl.** Derivative, Structured Products and Index Markets only shall opt for **4mbit** Ethernet lines at least.
- Customers subscribing to ADH **excl.** Vienna Derivative, Structured Products and Index Markets may stay with current **2 Mbit E1** solution.

## Company Details

Company Name (Data Vendor, please also add former company names)		
Street, Number, Country, ZIP, City		
First Name, Last Name of Contact Person		
Phone Number	Fax Number	E-Mail Address

WBAG orders on behalf and at the costs of the subscribing Data Vendor the requested leased lines! If the order for connection is being cancelled after finalized implementation of the connection(s), the applicant (Data Vendor) bears all costs for the maintenance and the installation of the connection(s). The fees will be charged on a lump sum basis, any changes to the fees shall take place not more than once per calendar year. The Data Vendor shall be notified in writing about such modification at least three calendar months in advance. The monthly fee per line pair depends on the specific location. WBAG furthermore charges installation costs (non-recurring, for both lines). Please find all details regarding pricing below.

## Request Details

Type of Request	<input type="checkbox"/> New Installation	<input type="checkbox"/> Circuit Move
	<input type="checkbox"/> Upgrade to Ethernet (4 or 10Mbit)	
Bandwidth	<input type="checkbox"/> 2 x 2Mbit E1 (Colt, Telekom)	<input type="checkbox"/> additional 1 x Mbit *)
	<input type="checkbox"/> 2 x 4Mbit Ethernet (Colt, Telecom)	<input type="checkbox"/> 2 x 10Mbit Ethernet (Colt, Telecom)

\*) In the case of a single line order, the vendor has to provide a dedicated ISDN line for remote management.

**Remarks to connection binding:** Line presentation E1: 2048k, G.703/RJ45.

Line presentation Ethernet: 10Mb Ethernet Full-Duplex

WBAG provides router, setup and operates supervision and management for the whole connection!

**Handoff to the customer for each connection type is Fastethernet Full-Duplex (Autonegotiation), RJ45**

## Standard Connectivity

WBAG / CEESEG strongly recommend to follow the connectivity standard: Each customer target location (data centers, etc.) should be connected with 2 lines, one primary, one backup. Only with this standard set up WBAG / CEESEG is able to guarantee failover on network level in case of any line outages. Please provide all addresses of desired locations on the next page, please copy-paste the address box for more than 2 locations.

## Pricing
