Simulation Server	192.135.133.217; tcp/29400	

*) First part of the key will be delivered by e-mail, second part by fax.

WBAG guarantees exclusively dedicated 256kb bandwidth per customer. Accordingly WBAG strongly recommends to use bandwidth mangament including exclusively dedicated bandwidth for reception of ADH data.

**WBAG recommends sufficient application tests before VPN is used for production.
Due to the nature of VPN (Internet-based) connections this service cannot be offered as 'reliable'.**

Total costs for the service are EUR 250,- per month for all destinations and a once off set up fee of EUR 1.000,-.
